

Welcome to the Course

Thank you for joining this course!

Before we begin, these are the basic requirements for this course:

Prior knowledge	This course requires good familiarity with Python.
Programs & setup	Students can follow along with any code editor – such as Visual Studio Code or Python’s built-in IDLE editor. This course only works with LlamaIndex versions up to 0.9. Version 0.10 and above, released recently, introduced various breaking changes. Students will also need to obtain an OpenAI API key (this is covered in the course), which may incur a cost. The setup of Python and a code editor for Python is NOT covered in this course. You can find basic setup information in the following resources: • Visual Studio Code • Python
